

**Information Analysis Incorporated (“IAI”)**, is a SBA certified small business and publicly-traded product and services company providing a diverse array of Information Technology (IT) solutions to Federal, State and Public Sector clients. Since its inception, IAI has successfully completed several hundred projects worldwide.

### Solution **PARTNER**

As an Adobe Solutions Partner since 1992, IAI has proven experience in crafting, innovating, and

implementing thousands of government e-business forms and electronic content management solutions using the Adobe Experience Manager (AEM) product suite. Our full range of competencies and related products and services includes:

- Adobe licensing and annual maintenance sales
- Process Management
- e-forms development/conversion
- Dynamic and intelligent document design
- Digital content management solutions
- Web based integration services
- Section 508 compliance expertise
- Web enterprise portal development
- Project management and custom consulting
- On site or telephone technical support
- On-site training classes

IAI has experienced uncommon success in serving its clients by drawing on its proven processes, methodologies, and experience combined with a long-serving staff that possesses a unique repertoire of skills and creativity. Our experience spans applications from small department level to full agency and enterprise wide fulfillments.

IAI's strengths include established long-term relationships with clients built through successful implementations and a solutions driven, entrepreneurial approach that focuses on meeting client needs. We do so by thorough analysis, innovation, creativity and optimization in our approach rather than simply applying generic “prepackaged” solutions.

We maintain a constant dialogue and interface with our clients to ensure proper communication and understanding throughout the development process.

IAI differentiates itself from its competition by constantly thinking outside-the-box and employing solutions that exceed expectations while being cost effective and reliable. Our differentiators include such capabilities as:

- Award winning solutions and recognition
- Accomplished Adobe Solutions Partner
- Depth in AEM and LiveCycle developments
- Skilled project management leadership
- Extensive e-form design/conversion expertise
- Innovative design/engineering team
- Timely and cost effective solutions

IAI helps clients organize, create, optimize and manage the delivery of content cross digital outreach channels including web, mobile devices, tablets and email.

We enable clients to extend their reach to designated users, customers, stakeholders and the general public, as desired. We also provide the unified tools to enable clients' staff to internally develop and deploy new templates, forms, wizards, etc., in timely fashion.

IAI's roster of repeat clients comprises multiple US government agencies such as: Homeland Security (HQ, CBP, ICE, FEMA, USSS, USCIS); Veteran Affairs; Treasury; Financial Crimes Enforcement Network (FinCEN); IRS; Interior; GSA; State Department; National Park Service, as well as the U.S. Army, Navy, and Air Force.
