“After ending 2020 on a high note, we have continued that momentum with our first quarter results. We reported substantial revenue growth, driven by several projects in our Professional Services business, which enabled us to deliver another profitable quarter.” said Stan Reese, IAI’s CEO. As pleased as I am with our first quarter results, I also know this is just the start. In early April, we announced the acquisition of Tellenger, Inc. This strategic acquisition significantly expands our cybersecurity, cloud, and data analytics capabilities. Tellenger works with both government agencies and private sector clients and is a great fit with our strategy moving forward. Since closing the acquisition, we have been focused on driving top-line synergies among both of our customer bases.”

Mr. Reese continued, “We have also added to our Board of Directors, with Jack Johnson joining us during the first quarter and Donald Tringali coming on last week. Jack and Don lend significant experience and acumen to our board and I expect them to be valuable resources as we continue to pursue our growth plan.”
